**Westby Cooperative Creamery Introduces Grated Parmesan Cheese**

**Feb. 1, 2011 (Westby, WI)** --- Westby Cooperative Creamery has announced that it has introduced its own brand of Grated Parmesan Cheese.

“Westby Brand Grated Parmesan Cheese is now available at locations carrying Westby products,” says Pete Kondrup, General Manager. “Our customers will now be able to enjoy a premium grade grated parmesan cheese packed with country goodness flavor. And, like all Westby products, made from rBST-Free milk delivered by our local Wisconsin family dairy farms.”

Packaged in 8 ounce convenience containers, with 12 containers to a case, the Italian-style grated parmesan cheese has a 12 month shelf life.

Westby products have been made in Wisconsin by family dairy farms since 1903. Westby brand 4% Small Curd Cottage Cheese won the Gold Medal as Best in Class in the 2010 World Championship Cheese Contest.
